Final Rock Creek Tennis Stadium  
Environment Impact Statement,  
Washington, DC

AGENCY: National Park Service (Interior).

ACTION: Notice to distribute the final  
environmental impact statement.

**SUMMARY:** Pursuant to Council on Environmental Quality regulations and National Park Service policy, the National Park Service (NPS) announces the release of the Final Environmental Impact Statement (FEIS) for the Rock Creek Tennis Stadium. The FEIS presents the NPS preferred alternative for future management and use of the Rock Creek Tennis Stadium. The preferred alternative, Alternative 2, allows for only one professional tennis tournament a year, in addition to amateur and league tennis events. Mitigation to relieve the park and surrounding neighborhood of parking and traffic congestion will be required for every professional tennis tournament. At a minimum, mitigation will include elimination of parking on turf areas in the park, measures to prevent tournament related parking on neighborhood streets, use of remote parking and shuttle buses, and dedication of some existing paved parking areas in the park for shuttle bus loading and storage. No major physical alterations to the park for buses or parking are proposed.

**ADDRESSES:** For copies of the FEIS, please contact: Superintendent Rock Creek Park, 3545 Williamsburg Lane, Washington, DC 20008. Copies can also be reviewed at the Rock Creek Park Nature Center.

The responsible official is Mr. Robert G. Stanton, Regional Director, National Capitol Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.

A final public record of decision will be released stating the NPS selected alternative, environmental mitigation strategies adopted, and the rationale for the decisions no sooner than 30 days from the publication of this notice.

Dated: May 18, 1995.
